BECKHAM WINS FOR SENATOR BY OVER 30,000

Democracy Has a Great Day Tuesday But Control of Congress Is Reduced

Democracy came into her own in Kentucky on Tuesday when J. C. W. Beckham was elected United States Senator by over 30,000 majority over Augustus E. Willson, the republican candidate. J. N. Camden won for the short senatorial term, and nine democratic congressmen were chosen. It was a magnificent victory from every standpoint, and proves the wonderful hold which Beckham has upon the people of the state. He has never been defeated for office when the people had the say.

Caleb Powers and John Langley are the only republican congressmen from Kentucky, both winning by decreased majorities.

The Progressive or Bull Moose party practically disappeared from politics in Kentucky, casting only about 12,000 votes in the state. Its best showing was made in Louisville where 7,500 votes were polled for the Moose candidates. Beckham carried Louisville by the unprecedented majority of 12,000 votes over Willson. Beckham also carried Lexington, and democratic strongholds responded with their usual majorities though a light vote was polled in the state.

The democratic representation in congress was materially reduced, however, in other states, and will be only about 24 in the lower house. In the Senate the democrats gained two or three seats. Some election notes are as follows:

The republicans defeated the democratic candidates for governor and senator in New York.

Ohio went back to republicanism. State wide prohibition was overwhelmingly defeated in Ohio, California and Washington but carried in Montana, Oregon and Arizona.

Indiana re-elected its entire democratic ticket.

A democratic U. S. Senator was elected in California, but the Bull Moose candidate for governor was re-elected, the only state in which the Moosers made any showing.

Kansas elected a republican governor and senator but the majority of congressmen are democrats, including Jonett Shouse, formerly a Lexington, Ky., newspaperman.

Pennsylvania went enormously republican.

"Uncle Joe" Cannon was one of the come-backs, being elected to congress from his district in Illinois.

Tennessee elected a democratic governor after several years of republicanism.

The races for senator in Nevada, Utah, Wisconsin and Colorado are very loose.

Latest returns show that the Democrats will have a majority of 23 in the House of Representatives and 12 or 14 in the Senate. Roger Sullivan, Democrat, in Illinois was defeated by Sherman, Republican. The race in Utah looks more favorable for Reed Smoot, Republican, who for the first time secured the lead on the count. The other senatorial fights are all practically over or will be changed by late returns. In the races for the House only six districts are still out, and these are divided about half and half between the two dominant parties. As the result stood Thursday night the House will contain 226 Democrats,

192 Republicans, 10 Progressives and one Socialist. The Senate probably will have 55 Democrats, 40 Republicans and 1 Progressive.

Women Want Cleaner City

At the regular meeting of the City Council Thursday night, supervisors were appointed to go over the city tax assessment for this year as returned by Assessor John M. Stone. They are Messrs. E. T. Pence, Sr., W. S. Embry and Ed. Hubbard. All are property owners and familiar with local values. The Council listened attentively to a delegation from the Woman's Club which sought its co-operation toward the repair of offensive sewerage and other unsightly and unhealthy conditions in this city. The City Fathers gave the ladies much encouragement and agreed to co-operate with them in every way.

ROY STEWART ACQUITTED

Two Murder Cases on Trial in Circuit Court This Week

Circuit court has been engaged most of this week with the trial of two murder cases. The first case called was that against Roy Stewart, a colored blacksmith, who was charged with shooting Anderson Carr, Jr., another negro, to death in Macksville, a few months ago. Stewart was defended by Attorney George I. Florence, and made a good case of self defense. It was shown that Carr was a very bad and dangerous negro, and the jury acquitted Stewart after short consideration of the case.

The next murder case called was that against Will Routen a King's Mountain, young man, who shot Jas. Florence to death there in March. Routen was also defended by Attorney Florence, who is no relation to the dead man, who was a son of Mr. Florence, the aged Mexican, who was brought to this country from Mexico when a boy by Gen. Perton. Routen's was self defense. G. R. Murphy, W. F. Lane, Gene Meade, Cicero Murphy, Willie Green Skidmore and Loge Walls told of the words that passed between the two young men; how Florence attempted to rise from a seat with a shotgun in his hands, which was seized by Routen and how Routen after struggling with Florence over the shotgun, hit him with the butt of his pistol, and shot when Florence attempted to raise the gun. Cicero Murphy, though a commonwealth's witness, made a good case for the defense. The defense exhibited three shotgun cartridges, which it was alleged near the loads which it was alleged the dead man had cut for the purpose of using against Routen. Routen was acquitted.

Entered at the postoffice at Stanford as second class mail matter.

Of course the I. J. is overwhelmed with joy over the magnificent victory achieved by Beckham and the entire democratic ticket in the state last Tuesday. To know him is to love him. Since leaving Frankfort five years ago, he has been our guiding star in politics and we have worked in season and out to convince the democrats and voters of this section of his sterling qualities. We saw him in the hour of bitterest defeat six years ago when he was betrayed by so-called democrats in the legislature and our hearts bled with those of other democrats who knew the man well, knew his worth and how truly he measured up to the high office he sought. That the people of his state have finally given him this

Here Is Good News for Stomach Victims

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Stomach Remedy is now sold here by

honor after six years, is a magnificent vindication of him and his friends who have stood so loyally by him. With Beckham and James in the senate Kentucky has as able and able representation than any state in the nation.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff; that awful seurf.

A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. You Make Friends By Recommending a Reliable Kidney Medicine

Your representative called at my door yesterday meaning to leave a sample of your noted Swamp-Root and I am certainly pleased to see anybody connected with the firm who makes a medicine which has done so much for me and my family. A few years ago I suffered from a terrible pain in my back and when I was up around the house I had to walk with my body bent nearly double. If you had placed a thousand dollars above my head I could not straighten up to get it.

Hearing of Dr. Kilmer's Swamp-Root I sent to you for a sample bottle and from the effects of that small amount I was sure it would help me, so I bought one bottle and it has cured me.

Shortly after that, my husband who was a coal miner, was suffering from kidney trouble and could not work and I sent for some of Dr. Kilmer's Swamp-Root. He was in a terrible condition but as the doctors had not given me any relief, I had more faith in Swamp-Root and it was well founded, for it did the work, and after taking a few bottles he was completely cured. I daily recommend the use of Swamp-Root to my friends and neighbors. Sincerely yours,

Monster Parasite Seen Alive By Thousands--Unusual Sight

The expression oftentimes heard, "That man must have a tape worm; he can eat more than any person I ever saw," does not really apply to the man or woman who has one of the parasites, as shown by the statement made by Mr. Carl Schutman, the well known baker of W. Chestnut St., Louisville after passing one of these monsters that measured fully 70 feet and was seen alive by an audience of fully four thousand. Mr. Schutman said: "I heard Mr. Andes talk for more than a week and on two occasions re-described my troubles better than I could tell it myself. I finally made up my mind I would give his medicine a trial. I purchased one bottle and after using it three days found the cause of my

troubles was this tape worm. When it was removed I was the most surprised person in the city. I had suffered so much from my stomach, such as sour risings after meals; fullness and shortness of breath the least exertion would cause my heart to beat fast; oftentimes would have no appetite for several days, and when I would eat the least bit I would become sick at the stomach and spit up my food. Heartburn and sharp, shooting pains about my heart, caused a great deal of uneasiness; headache and tired feeling were almost a daily companion, but am glad to say that the dollar bottle of medicine I purchased from Mr. Andes was the best investment I ever made. I would not have that monster back in me for all the diamonds and gold

buttons that the Great Advertiser owns."

This statement, coming from such a good and substantial citizen, sold many a bottle of Mr. Andes' Medicine and when this tape worm was shown last night to the large audience, quite a number present raised their hands when Mr. Andes asked if there was anyone present who saw this parasite, to hold up their hands at least a dozen did so; and two or three persons were present when it was still alive.

Such remarkable cures as this is the reason given for the phenomenal sales of the Andes' Great Medicines, and the Shugars' Drug store of Stanford reports the biggest sale on Andes Medicines of anything they have ever sold.

Poor Blood is the indirect cause of much winter sickness—it allows chills, invites colds and sickness.

Nourishment alone makes blood—not drugs or liquors—and the nourishing food in Scott's Emulsion changes summer blood with winter richness and increases the red corpuscles.

Only Sure Corn Cure Ever Known

"GETS-IT" the New Way, 2 Drops Do It. To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-plan corn cure.

Use "GETS-IT" for Corns and You Won't "Holler" When You Put on Your Shoes.

"GETS-IT" is the first one ever known to remove corns without fail, without pain and without trouble. This is why it is the biggest-selling corn cure in existence today. It is now used by millions, because it does away with sticky tape, with plasters and cotton rings that shift their position and press down onto the corn, with salves that "raw up" the toe, with "harnesses" that cause pressure and pain, with knives, razors and files, clawing and pulling at a corn. "GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shrivels, vanishes. Accept no substitute. Try it on any corn, wart, callus or bunion tonight. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

IMPORTANCE OF HEALTHY KIDNEYS

Stanford Readers Should Learn to Keep the Kidneys Well

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisons matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

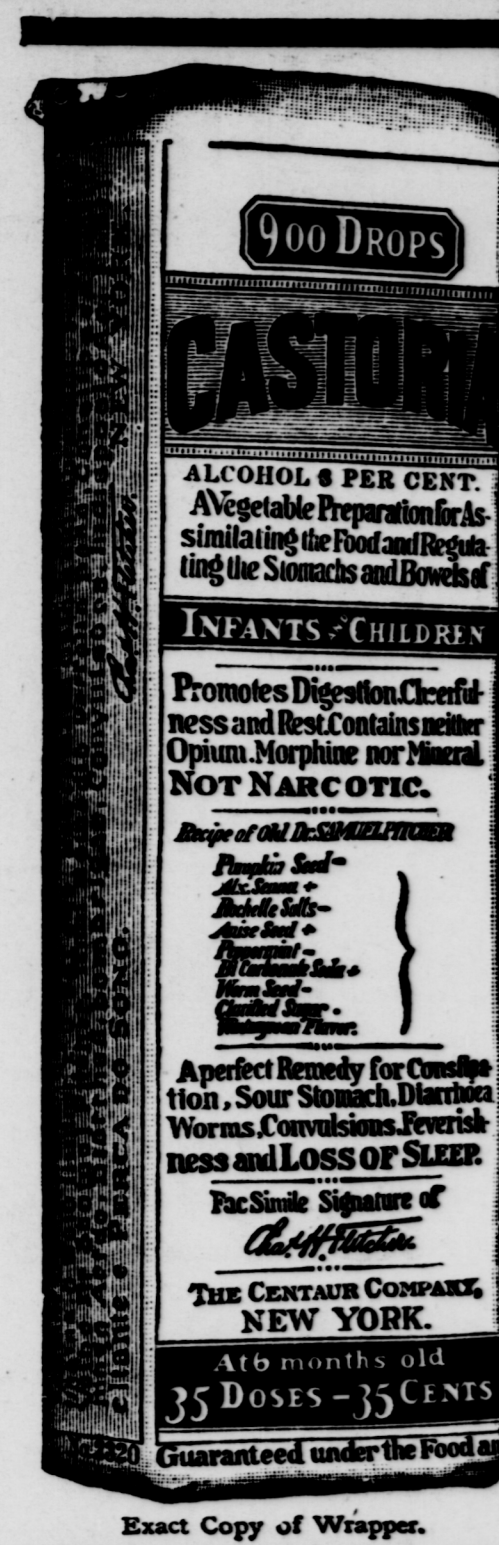

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidney only, that has been used in kidney troubles 50 years. You will make no mistake in following this Stanford citizen's advice.

"I was troubled some time ago by an acute attack of kidney complaint," says W. H. Mershon, of Lancaster pike, Stanford. "My back ached constantly and I had pains through my loins. I felt languid and tired easily. I took a box of Doan's Kidney Pills and they fixed me up all right, the second box practically curing me."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mr. Mershon had Foster-Milburn Co., Prop., Buffalo, N. Y. 89-1
